

Delta Inflatables

The Delta range, Aquatx's largest boats, are comfortable, fast family sports cruisers, all with full-fit out and cabin top options for all conditions.

The Delta range is designed to give you the benefits of a sports cruiser with all the extras that only rigid hull inflatables can provide.

Delta

Power	Length	Beam	Tube Diameter	Beam (Internal)	Weight	Pax	Max HP
Outboard	6m	2050mm	500mm	1500mm	525kg	7	80-125
Jet	6m	2050mm	500mm	1500mm	691kg	7	200
Outboard	7m	2080mm	500mm	1800mm	815kg	10	250
Jet	7m	2080mm	500mm	1800mm	1012kg	10	250

Delta offers economical, comfortable, stylish, and fast cruising or full range off-shore fishing wrapped up in an unbeatable value for money package. These 6.0m and 7.0m boats feature fiberglass hulls, wide deck space (over 1.5m internal beam!) with seating for seven to ten adults!

With removable cabin top options, marine carpet, quality transom and bow upholstered seating, built in fuel tanks, hydraulic steering, full external and internal safety ropes and a heavy duty anchor sprit the Delta range gives you the size and comfort of a traditional sports cruiser, but with the safety, efficiency and performance payoff of rigid hull inflatables.

The Delta range can be further customised to suit your specific requirements. Choose from our range of tower options to add a towing/board rack or a rocket launcher to take your fishing further. A high quality music system, barbeque and fridge will make your cruising day complete.
