

Surf & Fun

Aquatx's Cobra range of Surf & Fun kayaks are specially designed for family fun at the beach or on the river. The light-weight but strong design means they can be easily mounted on roof racks or stowed on trailers and then simply carried to the water.

The 'sit on top' design with self draining scuppers means a drier, safer ride. No need to wear special kayak gear or a spray skirt - just hop on and ride the waves, wear a kayak life jacket though!

Aquatx Cobra Strike

Length: 2.9m Width: 686mm Weight: 16kg Capacity: 104kg

If you are a surfer and you want a break from a stand-up board, check out the Strike. The Strike is a radical surf machine designed to ride waves. It is forgiving for novices, challenging for intermediates and it totally rips for experts.

The Strike has two revolutionary built-in ridges running lengthwise underneath along the rail that increase speed and improve turning. Its low volume reduces drag and the slim, narrow profile and exaggerated rocker increases mobility. The Strike has a two position, adjustable foot plate with foot straps to adapt to paddler's leg lengths. To put it simply, it shreds.

Aquatx Cobra Play

Length: 3.1m Width: 711mm Weight: 18kg Capacity: 118kg

The Play is the perfect kayak for smaller, shorter paddlers and kids. The Play is lightweight and compact, simple to transport, load and unload and can be quickly launched and easily maneuvered.

Stability is provided by a shallow V-shaped hull that enhances manoeuvrability and tracking. The clean deck design, comfortable cockpit area and rounded ergonomic shapes make it easy to use

Three different foot positions for different length legs make it an excellent choice for sharing by the whole family or a group of friends.

Aquatx Cobra Explorer

Length: 3.4m Width: 790mm Weight: 22kg Capacity: 181kg

We think that our Aquatx Explorer is as close as you can get to the perfect all-purpose boat. Stable and fast with superb tracking, it is versatile for all sizes, shapes and varying expertise of paddlers. A great day trip kayak for exploring those hard to get to inshore caves and coves.

An oversized external rear tank well holds all types of sports gear or picnic supplies. For fishing and camping there is a flush foredeck with plenty of space for a large storage hatch.

The Cobra Explorer is a totally self-bailing kayak, providing for a dry ride. Its stable 790mm beam makes it a good ride for anybody.

Surf & Fun

Aquatx Cobra Tandem

Length: 3.8m Width: 914mm Weight: 28kg Capacity: 272kg

When one is not enough... the Tandem. One of the lightest two-seaters on the market, it is more manageable than other tandems and can be easily loaded on top of the car

The Tandem is easy to maneuver and offers a fast stable ride. The top deck design allows for both a forward and rear seat. With deck space for up to five storage hatches, there is plenty of room to stow cargo.

Reconfigured, the Tandem also makes a great fishing Kayak with room for the long-line or the crayfish pot plus up to six rod-holders.

Aquatx Cobra Wave

Length: 3.1m Width: 572mm Weight: 16kg Capacity: 95kg

The Cobra Wave is a must for paddlers and surfers looking for serious adrenaline highs on the waves. Cobra Kayaks manufacturer this specialised design in plastic instead of traditional fiberglass. The use of polyethylene means a top quality, high performance surf kayak that is less expensive but longer lasting than its fiberglass counterpart. An awesome combination!

Excellent steering manoeuvrability and directional control in surf is achieved via the foot operated rudder system. Hard rails combined with the responsive rudder make tight turns and radical moves easy. Surfers can turn on the face of a wave and easily make cut-backs.
